

## ***Our Winning Team Your Winning Production***

***VCR Active Media*** boasts an award winning production team that will take your marketing and communications vision from planning to delivery.

Make VCR Active Media your choice for high quality video projects delivered at a very competitive price. VCR has the personnel, the equipment and the experience to deliver the best high-end video has to offer.

VCR's production team consists of veteran producers, directors, videographers and writers with experience in communications and in video and multimedia production. VCR's team uses the latest in Sony Digital cameras from HD to DVCAM to get that special shot for you.

### ***20 Years of Broadcast Television Production Experience... All at an Affordable Price!***

VCR's post-production process will enhance your production. We have all the tools to edit and master your video. VCR uses Discreet Logic and Avid technologies for editing, Digital BetaCam for mastering, DVCAM and BetaCam SP for submastering. Plus, you will have access to our specialized support equipment. Your project will be completed with DVD authoring tools and state-of-the-art duplicating systems for final delivery on any format.

### ***Corporate Clients from every Business Sector... Filmed on Every Continent of the Globe!***

VCR Active Media has worked with corporate clients from every business sector. Our production crew has filmed on every continent of the globe. We take time to understand your organization and your product to ensure you deliver the visual message you want. VCR's number one priority is your satisfaction – from the initial meeting to discuss your project, through the drafts of the script, the budgeting process, to shooting and editing.

***Give VCR Active Media a call today to discuss your upcoming project or to get a copy of our demo on VHS or DVD.***
